CAREER OBJECTIVE

Aspiring software developer with a strong foundation in computer science principles, programming languages, and problem-solving. Eager to contribute to a dynamic team by designing and developing innovative software solutions. Passionate about continuous learning and adapting to emerging technologies to build efficient and user-centric applications

TECHNICAL SKILLS

Languages: Python, Java, HTML, CSS, Java Script, SQL.

Core Concepts: String, List, Tuples, Collections, Conditions (If- else), Loops (for, while), OOPS concepts, SQL, Python Crud Operations.

Tools & Platforms: Jupiter Notebook, Visual Studio Code, MySQL, Excel, Word, PowerPoint.

PROJECTS

CNN-BASED AGRICULTURAL ANALYSIS

- Collect crop images, annotate them, and preprocess (resize, normalize) for training the CNN model
- Design and train CNN models to classify or detect agricultural features like diseases, soil quality, or crop types.
- Deployed the model as a Flask web application for real-time usage and practical demonstration.

Responsibilities:

- Built and trained CNN models using Python and TensorFlow/Keras for crop image classification.
- Pre-processed agricultural datasets using OpenCV for better model performance and accuracy.
- Used Visual Studio Code for development, debugging, and optimization.

Personal Portfolio Webpage

- Designed and developed a responsive and user-friendly interface using React.js and CSS
- Built a RESTful API using Flask to handle requests and send responses
- Implemented a MySQL database to store project data and manage CRUD operations

Responsibilities:

- Built a responsive frontend using HTML CSS Java Script AND React JS
- Developed backend logic in Python and integrated with Flask
- Used Visual Studio Code for development, debugging and optimization

Project Link: [Personal Portfolio](#)

CERTIFICATIONS & ACHIEVEMENTS:

-
- AWS Academy Graduate - AWS Academy Cloud Foundations
 - TCS ION career edge - Young Professional
 - Free Human resources Skills workshop

EDUCATION

Dhanalakshmi College Of Engineering B.E (Computer Science & Engineering) CGPA-8.01	2021-2025
Sri Vishwa Vidyalaya Matriculation Higher Secondary School HSC (12 th Standard) - 81%	2020-2021
Sri Vishwa Vidyalaya Matriculation Higher Secondary School SSLC (10 th Standard) - 76%	2018-2019
